Answers

```
#box1 {
  width: 100px;
  height: 100px;
  background: green;
  transition: width 2s ease-in 0.5s;
#box1:hover {
  width: 600px;
#box2 {
  width: 100px;
  height: 100px;
  background: red;
```

```
transform: translate(200px, 200px) rotate(90deg);
#box3 {
  width: 100px;
  height: 100px;
  background: lightblue;
  transform: skewX(20deg);
#box4 {
  width: 100px;
  height: 100px;
 background: lightgreen;
  box-shadow: 2px 2px 5px green;
the div
#myPic {
```

```
width: 200px;
height: 200px;
background: pink;
background-image: url("picture.jpg");
background-size: cover;
opacity: 50%;
}
```
